

SUFFS PLAN TO CELEBRATE BIG VOTE VICTORY

National Woman's Party Will Put on Jubilee in Washington—Tennessee Will Feature Program.

WASHINGTON, Aug. 25.—With national suffrage an accomplished fact, the National Woman's party is now preparing plans for a fitting celebration of the ratification of the Susan B. Anthony amendment, to be held in Washington some time during the next two months. It is expected that Tennessee, the thirty-sixth state to ratify, will have a conspicuous part in the program that is now being worked out.

It is announced at Woman's party headquarters here that the national celebration will be incident to the annual convention of the national suffrage organization and the first day of its program will be devoted to it. The big feature of the program will be the presentation of memorial busts of Susan B. Anthony, Lucretia Mott and Elizabeth Cady Stanton to the national capitol by the Woman's party in commemoration of the parts these women have played in the long struggle for political enfranchisement for women.

The third day of the convention will be devoted to a general survey of the fields of work now being covered by women's organizations and consideration of plans for enlarging women's sphere, made possible by the ratification of the suffrage amendment. Representatives of many of these organizations will be asked to address the convention.

On the fourth and final day the convention will decide upon the future policy of the Woman's party and determine the wisdom of establishing or continuing as a separate woman's political group work for the elimination of discrimination still existing against women in fields other than political.

Telegrams and cablegrams from all parts of the United States and from almost every quarter of the globe continue to pour into national headquarters of the Woman's party.

These bring greetings to the millions of newly enfranchised women from the leaders of women abroad who have attained the right of suffrage. Among the noted women thus far heard from are Mrs. Key, of Sweden; Olive Schreiner, of South Africa; Lady Astor and Lady Constance Lytton, of England; Madame de Witt Schumacher, of France; and Countess Maria Losch, of Italy. Henry W. Nevins, noted English war correspondent and a leader in the agitation for suffrage in England, also cabled congratulations to Miss Alice Paul, chairman of the Woman's party.

Among the hundreds of telegrams received from people in the United States was one which suffrage leaders regard as prophetic. It was from Mary E. Blackwell, of Pittsburgh, and reads as follows:

"Congratulations for great success. Regret I may not vote for Paul and Burn instead of candidates available."
